## Summary of main activities undertaken for the public benefit

During 2022, the Trust was responsible for education as follows:

- 3 children attending Dr Graham's Homes School
- 5 students attending colleges of higher education in Bangalore, and Gadong, Sikkim
- 1 student who was due to go the college in Bangalore, but had to defer
- 1 student attending medical university in Dehradun, Uttarakhand

In principle, money for this comes from sponsors, appeals and fund-raising events. In addition, accumulated reserves will be drawn down over time, as necessary. All trust personnel work on a voluntary basis and meet their own expenses.

The benefit to the public is to be able to support the education of poor and disadvantaged children in a remote part of India, which changes their life prospects.

We confirm the trustees have had regard to the Charity Commission's guidance on public benefit.

## SECTION D Achievements and performance

Education has more or less returned to normal in India, although there is a continuing proportion of online learning.

Our children and students do well and have managed to overcome the impact of the Covid years.
